PERSONAL PROJECTS

Customer Management App

- A CRM system helps businesses keep customer contact details up to date, track every customer interaction, and manage customer accounts. It is designed to help businesses improve customer relationships and also Customer Lifetime Value.
- GitHub Repository : <https://github.com/manishkumar73/customer-management>

To Do App

- Add to wish list. To Do is a task management app to help you stay organized and manage your day-to-day. You can use To Do to make shopping lists or task lists, take notes, record collections, plan an event, or set reminders to increase your productivity and focus on what matters to you.
- GitHub Repository : <https://github.com/manishkumar73/To-Do-App>

Asset tracking

- Project to keep a track of all the valuable components in a room, using BLE tags and a gateway, the data from the gateway will be pushed to a local server or a cloud. Worked on building a website, testing BLE tags .
